Clerk of the Council : Elwyn Howells, Esq.,  
Council Offices,  
TREGARON.

Telephone No. : Tregaron 248

(ii)

To the Chairman and Members of  
Tregaron Rural District Council.

#### PREFACE

I have pleasure in presenting the Annual Report of the Public Health Department for the year which ended on the 31 December, 1965.

The number of livebirths registered during the year was sixty seven, representing an increase of six over the figure for the previous year. There were no registered stillbirths, but one infant died in the first four weeks of life. No other deaths were registered during the first year of life. No woman died as a result of childbirth or abortion.

No notification of the occurrence of infectious disease was received during 1965. However, four new cases of tuberculosis were notified and one person died of the disease.

A more detailed account of the work of the Public Health Department including a comprehensive section prepared by the Public Health Inspector will be found in the following pages

### RHAGAIR

Pleser imi yw cyflwyno Adroddiad Blynyddol yr Adran Iechyd  
Cyhoeddus am y flwyddyn a orffennodd ar 31 Rhagfyr, 1965.

Cafodd chwech-deg saith a anwyd yn fyw eu cofrestru yn ystod  
y flwyddyn, yn cynrychioli ychwaneg o chwech dros y rhif am y  
flwyddyn cynt. Ni chofrestrwyd un farw-anedig, ond bu farw un  
baban cyn diwedd y bedwaredd wythnos. Ni chofrestrwyd rhagor o  
farwolaethau yn ystod y flwyddyn cyntaf. Ni bu farw un fenyw am  
ei bod yn feichiog, nac wrth eni plentyn neu wrth erthylu.

Cofrestrwyd saith-deg-saith o farwolaethau dengys hyn saith  
yn rhagor ar y rhif am 1964. Bu farw tri-deg-un o glefyd y galon,  
tri ar ddeg o'r strôc ac wyth o'r cancr.

Ni hysbyswyd yr un clefyd heintus yn ystod 1965. Ond nodwyd  
pedwar digwyddiad newydd o'r ddarfodedigaeth yn ystod y flwyddyn, a  
bu farw un person o'r clefyd hwn.

Rhoddid cyfrif manylach o waith yr Adran Iechyd Cyhoeddus, yn  
cynnwys rhan eang â baratowyd gan yr Archwiliwr Iechyd Cyhoeddus  
yn y tudalennau canlynol.

SECTION 47 OF THE NATIONAL ASSISTANCE ACT, 1948

No action was required to be taken under this Section during the year.

GENERAL PROVISION OF HEALTH SERVICE IN

THE AREA

These remain essentially the same as in previous years and are under the control of the County Council.

W. J. St. E-G. RHYS  
MEDICAL OFFICER OF HEALTH

ANNUAL REPORT OF THE PUBLIC HEALTH INSPECTOR

AND SURVEYOR

PREFACE

It gives me pleasure to present my report for the year ended 31st December 1965.

In the field of housing four houses and one bungalow were in the course of erection at Llanddewi Brefi and were almost complete by the end of the year. It would appear that this village, in company with the majority of others requires more houses to rent and these can best be provided by the Council.

In particular the Council should continue the erection of bungalows suitable for occupation by aged persons. This type of dwelling will enable the aged persons to spend their remaining years in comfort in the area in which they may have always lived. Although much is done for the aged in residential homes, such places cannot be compared with a small place of their own, where the occupants have all the usual amenities and the additional one of privacy.

In many large towns old aged may be associated with stress and thought of as a misfortune, but in a rural environment, old age has dignity and prestige and the aged person still has a place in the family unit, a place he or she can much better fill when living in his or her own home.

Progress on the provision of sewerage and sewage disposal schemes has again been slow but it is to be hoped that the coming year will see some definite move in the case of Tregaron, Pontrhydfendigaid and Lfair Rhows, and Pontrhydygroes.

Once again I am glad to report that the number of improvement grants approved by the Council has not fallen. In 1964 the number approved was 39 - in the year under review the number was 40.

You will recall that in last year's report I commented upon the increase of work over the past few years and stated that it would not be possible to carry out my duties adequately unless some form of assistance was provided. I am therefore, glad to report that during this year the Council agreed to the appointment of a technical assistant in the Department. This appointment will become operative from 1st April, 1966 and will be of great assistance in coping with the continually increasing duties.

Details are given in the following pages of work carried out during the year.

RECORD OF VISITS MADE

Public Health .. ..	22	Meat Inspection .. ..	109
Housing .. ..	39	Food Inspection .. ..	10
Drainage .. ..	66	Water Supply .. ..	9

Total Number of Visits ..... 784

RECORD OF NOTICES

Number of Verbal Notices .. ..	5
Number of Informal Notices ..	4
Number of Statutory Notices ..	0

All notices were complied with.

H O U S I N G

1. Number of houses found unfit after inspection .. ..	45
2. Number of houses in which defects were remedied after informal action .. ..	25
3. Number of Representations to Local Authority .. ..	5
4. Number of Notices requiring execution of works .. ..	0
5. Number of houses rendered fit after Formal Notice .. ..	0
6. Number of Demolition or Closing Orders made .. ..	0
7. Number of Undertakings accepted .. ..	3
8. Number of Houses Demolished .. ..	0
9. Number of Undertakings Cancelled .. ..	1

ACTION UNDER THE HOUSING ACTS :

(a) Representations as to Unfit Houses :

Five representations were made under the Housing Act, 1957 in respect of houses unfit for human habitation, viz. 2, Ilar Villa, Tregaron Ochr-glog, Ysbyty Ystwyth. 1, Penuwch Street, Llanddewi Brefi. Brynheulog, Llanddewi Brefi 6, Glangro, Tregaron.

(b) Acceptance from Owners of Undertakings Not to Let Unfit Dwellings :

Three formal undertakings not to let an unfit house were accepted in respect of the following : 2, Ilar Villa, Tregaron Ochrglog, Ysbyty Ystwyth 1, Penuwch Street, Llanddewi Brefi.

(c) Cancellation of Undertaking :

Improvement works were carried out to 1, Well Street, Tregaron which was the subject of an Undertaking not to let. On completion of the works the Undertaking was cancelled by the Council.

(d) Execution of Works :

Applications were received from the owners of two houses which are the subject of Undertakings not to allow them to be re-occupied for permission to carry out various works to render them fit for human habitation. These were granted, the houses being :- Troedyrhiw, Ysbyty Ystwyth. Ysguboriau, Ysbyty Ystwyth.

Common Lodging Houses :      There are no registered Common Lodging Houses in the area.

HOUSING IMPROVEMENT GRANTS

A. STANDARD GRANTS :

Number of Applications approved in respect of owner/occupied houses	24
Number of applications approved in respect of tenanted houses ..	9
Total Number approved .. .. .	33
Total Number of Schemes completed during the year .. .. .	14
Total Amount paid in standard grants .. .. .	£1,914
Average grant per dwelling .. .. .	£137

B. DISCRETIONARY GRANTS :

Number of applications approved in respect of owner/occupied houses	..	6
Number of applications approved in respect of tenanted houses	.. ..	1
Total Number Approved	.. .. .	7
Total Number of schemes completed during the year	.. .. .	10
Total amount paid in discretionary grants	.. .. .	£3,772
Average grant per dwelling	.. .. .	£377

RODENT CONTROL

As in previous years rodent control is carried out by the Council's foreman on a part-time basis. There were no major infestations during the year although numerous premises were treated and the two refuse tips were regularly baited.

INSPECTION OF MEAT AND OTHER FOODS

General : Visits were paid to food shops, vans etc., and the attention of several occupiers was drawn to minor items requiring attention. Slaughterhouses and butcher's shops were regularly visited for meat inspection purposes.

Ice Cream : There are no ice cream manufacturers in the area but sixteen premises are registered under Section 16 of the Food and Drugs Act, 1955 for the storage and sale of ice cream.

Milk : There are four distributors of milk, as defined, registered by the Council, and one other distributor is registered by a neighbouring Council. Farmers retailing within the district are, of course, registered by the Ministry of Agriculture, Fisheries and Food.

UN SOUND FOOD :

The following foods were found on inspection to be unfit for human consumption and were voluntarily surrendered for disposal :-

From Shops etc. :

Tinred Ham	..	..	..	80 $\frac{1}{2}$ lbs.
Oranges	..	..	..	140.

From Slaughterhouses :

The amount of meat found to be unfit at both slaughterhouses, was as follows :-

40 Sheep Livers	.	..	63 lbs.
17 Parts Sheep Liver	..	8 lbs.	
Total	..	..	<u>71 lbs.</u>

MEAT INSPECTION :

There are two private slaughterhouses in the district both in Tregaron, and producing meat of excellent quality. The occupiers of both slaughterhouses have not installed stunning pens as required by the relevant Regulations where cattle are slaughtered and consequently their premises are licensed only for the slaughter of calves, sheep and pigs. One hundred and six (106) visits were made to slaughterhouses and butcher's shops for meat inspection purposes which are summarized as follows :-

	Cattle excluding Cows	Cows	Calves	Sheep and Lambs	Pigs	Horses
Number Inspected	-	-	-	928	-	-
All diseases except Tuberculosis and Cysticercosis	-	-	-	-	-	-
(a) Whole carcasses condemned	-	-	-	-	-	-
(b) Carcasses of which some part or organ was condemned	-	-	-	57	-	-
Tuberculosis only	-	-	-	-	-	-
Cysticercosis	-	-	-	-	-	-

### FACTORIES ACT

There are nineteen factories, as defined, within the rural district. Seventeen of the premises are "factories with power" and only two are "factories without power". The only relatively big factory is the Milk Marketing Board Creamery at Pont Llanio. The appendix at the end of the report gives statistics relating to factories in the area.

### REFUSE COLLECTION AND DISPOSAL

The majority of premises in the district are now receiving a weekly collection of refuse and the Karrier Bantam Dual Tip refuse collection lorry has proved to be a good vehicle of its type as the number of journeys to the tip in the course of a working day is cut down.

Refuse is still disposed of by semi-controlled tipping at Tyndomen, Tregaron and Bryn Villa, Ystrad Meurig. As a result of additional fencing of an increased height, last year's trouble with paper blowing off the tip on to the road appears to have been cured.

The purchase by the Council of the old Electricity Board premises in Chapel Street, Tregaron has provided a first class garage for the refuse vehicle.

### WATER SUPPLIES

Public Supplies : The Carmarthenshire Water Board is the responsible authority for the water supplies of the whole county.

Water supply is obtained from the Teifi Pools Reservoir which is situated within the Tregaron Rural District, and all raw water is fully treated at the Strata Florida Treatment Works and has a rated capacity of 900,000 gallons per day. During 1965 work on the mass concrete gravity dam at Llyn Egnant was completed. When the reservoir is filled to overflow level, which is 1,380 feet above sea level, 115 million gallons of water is available. The sequence of treatment comprises :-

- (a) super chlorination
- (b) coagulation by the addition of aluminium sulphate and calcium sulphate, which also increases the permanent hardness content.
- (c) addition of sodium carbonate and sodium bicarbonate to increase alkalinity.
- (d) pressure filtration to remove colour and suspended matter;
- (e) addition of sodium carbonate to adjust the alkalinity of treated water. and
- (f) addition of sulphur dioxide to control chlorine residual.

The Engineer and Manager of the Board, Mr. Huw Prothero, M.A., M.I.C.E., A.M.I.Mun.E., M.I.W.E., has kindly given details relating to sampling etc., which are summarised as follows :-

1. The following schemes in the Tregaron area were completed during 1965 :-
  - (a) Mass Concrete Gravity Dam at Egnant - Contract 18.
  - (b) Raw water main from Llyn Egnant to Strata Florida Treatment Works - Contract 21.
  - (c) Additional Sludge Tank at Strata Florida Treatment Works - Contract 25.
  - (d) Mains Extension - Llangybi to Bont Gogoyan - Scheme 86.
2. The water supply was satisfactory in both quality and quantity.
3. Regular monthly samples of raw and treated water were submitted for chemical and bacteriological examination and all were found to be satisfactory.
4. The water is not liable to plumbo-solvent action.
5. 40 No. properties were connected to the Board's mains during the year.

Private Supplies :

(a) Sampling : Four samples of water taken from private water supplies for bacteriological examination. The results are summarized as follows :-

Excellent	..	..	..	2
Satisfactory	..	..	..	-
Suspicious	..	..	..	-
Unsatisfactory	..	..	..	2

These samples are not from public water supplies, details of which are given separately.

(b) Ministry of Agriculture, Fisheries and Food - Grant-Aided Water Scheme at Farms.

Results of analyses of water samples from small grant-aided private supplies in conjunction with the Ministry of Agriculture, Fisheries and Food were submitted in respect of schemes at 2 farms. In many cases applications were deferred pending the carrying out of additional protective work and for further sampling because of evidence of contamination.

The Council agreed to the use of water for domestic purposes at 2 farms.

STATISTICS : Estimated number of dwelling houses and population supplies from public water mains :-

Parish	Total Pop- ulation of Parish	Number of Houses connected to public water main and the population served		Number of Houses served by stand- pipes	
		<u>Population</u>		<u>Population</u>	
Betws Leiki	142	13	39	-	-

Ysbyty Ystwyth	288	46	169	35	108
	4,813	836	2,349	159	571

#### SEWERAGE AND SEWAGE DISPOSAL

Work on the sewerage and sewage disposal schemes for the village of Llanddewi Brefi was completed during the year and is working satisfactory. A part-time attendant was appointed to maintain this works.

As stated in previous reports progress on schemes for the remainder of the villages in the district is very slow. The Council's Engineers are preparing an amended scheme for Tregaron utilising the alternative disposal works site. Schemes for Pontrhydfendigaid/Ffair Rhos and Pontrhydygroes are delayed due to difficulties in obtaining land.

It is to be hoped that some action with regard to sewerage and sewage disposal schemes can be taken in the future as succeeding Annual Reports only record the fact that nothing has been done.

#### TREGARON LIVESTOCK MARKET

The livestock market, adjoining Station Road, Tregaron is a well known and conveniently situated centre, serving a wide area. The market premises are owned by the Council and let to an auctioneer for the purpose of holding livestock sales. Regular fortnightly sales are held together with other special seasonal sales of livestock.

The amount of trade at the Market continues to increase and in view of this the Council decided to prepare a scheme of improvement and extension. This scheme provides for a second sale ring, extra penning accommodation loading pens etc., and has been approved by the Council.

Its implementation was delayed however, due to the proposal by the Ministry of Agriculture, Fisheries and Food, to issue further regulations in respect of markets, lairages, etc.

#### PUBLIC CONVENIENCES

The Council has provided five public conveniences. Two of these are at Tregaron and the others at Pontrhydfendigaid, Llanddewi Brefi and Llangeitho. Routine cleansing and maintenance is of course carried out by the Council's workmen.

#### HOUSING ESTATES, MAINTENANCE BUILDING AND DEPOSIT OF PLANS

Council Houses : During the year under review work was started on the additional houses at Llwyndewi Estate, Llanddewi Brefi. These consist of 4 three-bedroom houses and one two-bedroom bungalow.

As previously stated plans to erect dwellings at Brynawel fields, Tregaron are held up by the refusal of the River Authority to grant permission for an increased discharge of untreated sewage into the river. A similar situation has arisen in Pontrhydfendigaid in respect of the proposed development of the Wern Factory site.

During the year the proposal to erect houses at Bronnant progressed by the acquisition of sufficient land for six houses.

The Council purchased from the South Wales Electricity Board their premises in Chapel Street, Tregaron. These comprised a garage and store on the ground floor and flat on the first floor. This flat had no internal water closet or bathroom but these were provided after acquisition by the Council. This work was carried out by direct labour.

The following is a summary of Council owned dwellings and their distribution throughout the district :-

Village	Estate	Number of		Flats	Total
		Houses	Bungalows		
Llanddewi Brefi :	Heolygorwydd	2	8	-	10
	Llwyndewi	-	3	-	3
Llangeitho :	Glynaeron	6	-	-	6
Elwynygroes :	Maesyrefail	6	-	-	6
Pontrhydfendigaid :	Heolybannau	24	3	-	27
Pontrhydygroes :	Maesyderi	10	-	-	10
Tregaron :	Brynheulog	14	-	-	
	Maesyrawel	12	-	-	
	Minygors	10	-	-	
	Penrobyn	2	6	-	
	Glanllyn	4	-	-	48
	Flat, Chapel Street	-	-	1	1
Totals		90	20	1	111

Maintenance of Council Houses : Maintenance work is carried out by the Council's own workmen, who, consist of a foreman, painter/carpenter and mason.

Plans Approved : The following plans were submitted under the requirements of the Council's Building Byelaws and were subsequently approved:-

New Houses	..	..	..	..	..	2
New Bungalows	..	..	..	..	..	4
Alterations or Improvements to Houses	..	..	..	..	..	43
Garages	..	..	..	..	..	1
Improvements to Shops	..	..	..	..	..	2
Agricultural Buildings	..	..	..	..	..	7
Miscellaneous	..	..	..	..	..	7
Total	..	..	..	..	..	66

Private Houses : Three private dwellings were completed during the year and four are now in the course of construction.

#### MOVABLE DWELLINGS

Ten caravan sites are licensed under the Caravan Sites and Control of Development Act, 1960 in the district as follows :-

- (a) Three sites for single residential caravans.
- (b) Four sites for single holiday caravans.
- (c) One site for two residential caravans.
- (d) One site for three holiday caravans.
- (e) One site for six holiday caravans.

One more application has been received in respect of a site for six holiday caravans, but is awaiting consideration by the County Planning Authority.

As previously stated this area appears to be getting very popular with caravan dwellers and in future we can look forward to many more applications for site licences, mainly in respect of small sites.

D. J. A. Humphreys, M.R.S.H., M.A.P.H.I., A.I.H.E.

Public Health Inspector and  
Surveyor.
